

ABOUT THE STATE

HAPPENINGS OF INTEREST FROM DIFFERENT SECTIONS

Enos H. Sherwin of Morrisville has announced his candidacy for the position of assistant judge of Lamoille county.

A party of Rutland berry-pickers brought to that city last Sunday five bushels of red raspberries. They were picked on Mendon mountain.

The freight business of the Rutland and Central Vermont railroads at Rutland has been consolidated. John D. Burke, formerly yard master of the Rutland railroad, assuming control of both. F. A. Dougherty, agent for the Central Vermont railway, will be agent for both.

Miss Kate Roberts of Fair Haven went yesterday to Camp McClellan, Annapolis, Md., where she will be married to Lieut. Russell Royce of Chicago. The officer recently returned from the front. He was sent back to the United States as an instructor. He belongs to the Rainbow division.

Thaddeus Forrest, who lives with his parents, Mr. and Mrs. William Forrest, in Middlebury, while caring for the horses Sunday evening was severely and perhaps fatally injured when one of the horses kicked him and trampled upon him. He was badly bruised and kicked about the head and arms.

Raymond Guyette, the corporal who spoke in several places in the state about June 1 under the public safety committee, has gone back to France to join his regiment or to take an officers' training in one of the schools there, which had not been decided when he left his home in Hartford, Conn.

At a recent meeting of the board of education in Rutland, it was voted to discontinue schools in two buildings the coming year. It had been previously suggested that one building might be closed, but the committee made it two. One of the teachers, Miss Ellen E. Dunn, has been granted a year's leave of absence to work in Washington, D. C.

The 310th cavalry at Fort Ethan Allen has been ordered to Camp Jackson, S. C., having been changed into the artillery branch of the service. The 310th is composed largely of registrants from New York and Massachusetts. When the cavalry departs, the post will be in possession of the 27th battalion, United States Guard, which has been camping in tents.

W. Grant Thomas of Burlington, now in the mechanical training school at the University of Vermont, was arrested on Tuesday on the charge of violating an automobile ordinance. The alleged violation occurred early Sunday morning on the East Middlebury road, when an automobile containing two students of the school is said to have run into the car of C. P. Frary of Bristol, seriously injuring Mrs. Frary and demolishing both automobiles. The car alleged to be from Milton and Colchester in closing the big iron bridge across the Lamoille river to travel. This is the direct road from Montreal to Boston, and its closing is a great detriment to a number of towns which it served. The bridge was built 25 years ago by the towns of Milton, Colchester and South Hero, but later the legislature released South Hero from any further obligation as to its upkeep and threw the expense onto Milton and Colchester. These two towns rebelled because they felt South Hero was getting fully as much benefit from the bridge as they did; and although it is stated by signs on the bridge that it is unsafe, South Hero people consider it more a scheme to get even with them than a case of necessity. State Highway Commissioner Bates has been appealed to, but can do nothing, as the bridge is not under state control. Grant Lee county has financed a ferry proposition that cost about \$30,000 and established hotel facilities at a cost of \$10,000 more, both of which are adversely affected by closing the main avenue to the island towns.

HOSPITAL PRESIDENT RESIGNS.
Mrs. Elmer Johnson has other duties which demand her attention.
St. Albans, Aug. 8.—Mrs. Elmer Johnson has resigned as president of the Woman's association of the St. Albans hospital and also as a member of the board. Mrs. Johnson resigns because her duties as executive secretary of the home office work requires so much time. She has been in the hospital work seven years. When the society was changed to a corporation in 1912 she was one of the charter members and since the incorporation she has served five years as president.

SUGAR CARDS NOW.
St. Johnsbury Families Are Allowed Two Pounds Per Month Per Person.
St. Johnsbury, Aug. 8.—The grocers of St. Johnsbury are now selling sugar on the card system and all housekeepers have to have a card to get their sugar. The federal food administration allows two pounds per person a month, and as each order for sugar is filled, the grocer punches the card that no one may exceed the prescribed allotment.
The new system is similar to what is being quite generally adopted throughout the country.

Dependent Women.
Nature intends every woman to be cheerful, light-hearted and happy, but when dragged down with pain and suffering from female ills, will power alone cannot overcome a nervous, dependent condition. Multitudes of American women, however, have found that there is one tried and true remedy to restore health under such circumstances, and that is Lydia E. Pinkham's Vegetable Compound, made from herbs and roots. This old-fashioned medicine is now considered the standard American remedy for such conditions.—Adv.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts through the blood on the mucous surfaces of the system. One Hundred Dollars reward given to anyone who can cure a case of Catarrh of the bladder by sending for circulars and testimonials.
